Beautiful Kate. I love it.

I'll have Beth send what we have re: the technical/legal steps on Supreme Ct decision, and also on what our offices are doing to support families... so you can see the "drier" comments we have written.

Thank you!

Subject: FW: Service in new lawsuit challenging WATRI and WATR III

It's now one big party. WATR1 is the initiative I declined and the lower court ruled against me. We've appealed that one to the Alaska Supreme Court. WATR3 is the one I approved as a regulation of the water resource rather than an appropriation.

Subject: Service in new lawsuit challenging WATRI and WATR III

Mike, the Alaska Federation of Natives and the Association of Regional Corporation Presidents/CEOs has asked us to file a lawsuit against Lieutenant Governor Parnell and the Division of Elections in FBX challenging the certifiication of the WATR I and WATR III initiatives. We are also filing a motion to consolidate that action with the similar Council of Alaska Producers v. Parnell litigation, in which you have entered an appearance.

Will you be able to accept service on behalf of Lieutenant Governor Parnell and the Division of Elections in this new case, or should we go through the drill of serving the State in the ordinary course, and also serve the local FBX AG's office, someone in ANC, etc.?

Web mail from: Mr. Brett Serlin

address: 3716 A Sanders Street Juneau AK 99801

MESSAGE:

I just wanted to write a short message to Governor Palin to thank her on the work that her administration has accomplished, especially towards demanding answers from elected officials on ethical concerns. It seems to me that certain politicians internally justify their unethical acts on account of the work that they are doing for the State of Alaska and the country. Obviously this is a great flaw in logic and I sincerely appreciate Governor Palin calling politicians out on their ethics investigations and doing her part to reestablish the faith in the honesty and openness of politicians that the public has no choice but to depend on. Thank you for your continued hard work, and please know that many of us support the decisions and actions you have taken and will continue to do so as long as they attend to the interests of the Alaskan public.

Brett Serlin

It all works out.

By the way, on Kate...in the months ahead if you have a speech that has substantive policy in it but you want it to have more of her touch, you can give an almost complete speech to her to let her put the "Kate flair" to it (which is really her trying to sound like you--the speechgiver).

Subject: Telephone Calls - Drop Out Students

An Anchorage School District Teacher called - Steve Piper in regards to you asking drop-out students to call you. He just wanted to say Thank you for doing this. This is very worthwhile for these students.

We received a phone call from a first year site administrator, Bret Sterling, Lower Kuskokwim School District. I just talked with him and he has three students that he would like you to talk to. He would like to set the calls up the week of December 3. I told him I would touch base with him on Monday, December 3 and we will get these set up between you and the students.

One student is 18 yrs. old - dropped out - living in community. He is technically a freshman still in regards to his credits.

Two students are on the verge of graduation - they are lacking attendance and effort but so close to finishing this year.

Thanks, Janice

Subject: Present from paulette

Hey governor!

I saw paulette today. She gave me a wrapped gift for you. I'll drop it by when I'm in town for thanksgiving or leave it w kris if I don't catch you or the girls.

Take care,

Ivy

Never mind about the valley clinic- I see they're already set for Anchorage. But again, give me a second to decide if I want the shot. And I will read the proclamation.

Subject: Kenai River regs

The Kenai River regs were delivered to me today, and are requested to be filed immediately. I told them we wouldn't file them immediately, but would do so very soon. As indicated below in the regulation summary, there IS a phase-in of the four-stroke requirement, except for the month of July. The new 50 hp motors must be 4-stroke or direct fuel injection 2-stroke. If you need to make some calls on this, please do so ASAP, so that we can file them as requested by DNR and LAW.

Starting 1/1/08

* Raise hp limit to 50. Exceptions: on Kenai Lake, Skilak Lake, on river between Kenai Lake Bridge and river mile 80.7, law enforcement.
* Forbidden to operate a motor that has been altered or with disguised manufacturer's rating.
* Original manufacturer's hp rating must be displayed.

1/1/08-1/1/10

* Must use < 35 hp unless a 4-stroke or direct fuel injection 2-stroke.
* During July, must use 4-stroke or DFI 2-stroke. Must display department decal that certifies motor is in compliance.

After 1/1/10

* Must use 4-stroke or DFI 2-stroke.
* Must display department decal that certifies motor is in compliance.

Other

* May not operate a motorboat over 21' long and 106"wide, unless the boat is grandfathered in by the director.
* Repeals permits for property owners between river mile 80.7 and Cooper Creek to use motorboats.

Subject: Telephone Calls - Drop Out Students

An Anchorage School District Teacher called – Steve Piper in regards to you asking drop-out students to call you. He just wanted to say Thank you for doing this. This is very worthwhile for these students.

We received a phone call from a first year site administrator, Bret Sterling, Lower Kuskokwim School District. I just talked with him and he has three students that he would like you to talk to. He would like to set the calls up the week of December 3. I told him I would touch base with him on Monday, December 3 and we will get these set up between you and the students.
One student is 18 yrs. old – dropped out – living in community. He is technically a freshman still in regards to his credits.
Two students are on the verge of graduation – they are lacking attendance and effort but so close to finishing this year.

Thanks, Janice

Subject: Scheduling

Governor –

Tomorrow, Wednesday, 11.21 you will be giving remarks at the Alaska Tip-Off Luncheon. They have reserved a seat for you and one guest. Please let me know who you will be bringing and if not I will call ahead and let them know not to reserve two seats.

On Monday. 11.26.07 you will be reading the Proclamation and giving short remarks for the Flu Shot Event. DHSS is asking how you would like the question answered "why you are not getting a flu shot." They are certain that this will be asked. They would like to know if you do get flu shots. **This event has not been advertised yet – Kris and I have discussed and think that you** Privileged or Personal Material Redacted Privileged or Personal Material Redacted **. I need to know by Friday, 11.23.07 as they will release a Media Advisory.**

Your Brother would like to bring 10-15 kids by one afternoon to the ANC Governor's office to meet and ask some questions @ 4:00 p.m. I have put this on your calendar for Tuesday, December 4 as they are asking if the Lt. Governor would also be available and this will fit in his schedule too.

Thank you and I hope you and your family have a Wonderful Thanksgiving Holiday, Janice

Subject: Federal Funding/State Budget

At today's Cabinet meeting, there was brief mention of federal funding for various programs. Accordingly, I offer the following perspectives.

The federal budget is still very much a work in progress. However, looking at the broad spectrum of authorizations and appropriations, I'm not at all sure that the State will suffer significant reductions in federal programmatic funding. For the most part, the President and Congress are fighting about the level of increases in programs. There is very little discussion of actual reductions.

A good example is the Denali Commission. When all of the sound and fury are over, I suspect that the Commission's budget for FFY '08 will generally approximate the one for '07. The same will likely be true for the significant funding streams that flow to Alaska Tribes and to rural development.

Of course, there are differences in the budget approach for the current fiscal year. The total number of earmarks will be reduced by about half. This will undoubtedly impact some state agencies, such as DF&G, which have relied heavily on earmarks in the past. However, a number of previous earmarks for Alaska were never requested by the State and do not necessarily fit into the Governor's priorities. Some Commissioners have told me that these earmarks are more trouble than they're worth.

Another difference is that, as mentioned by a couple of people today, the Congressional delegation is asking that we provide matching funds to complement most federal earmark requests. This was not always a requirement in the past. So, undoubtedly, there will be an impact on the State budget, but these earmarks should reflect the Governor's priorities.

One looming problem is funding for surface transportation. If not corrected, the deficit in the federal highway trust fund could affect future projects in Alaska. However, since this problem is of great concern to all states, my guess is that there will be at least a temporary solution even considering the Bush administration's aversion to higher gas taxes.

If need be, let's talk further about the relationship between the State budget and its federal counterpart. In this regard, the President has threatened to veto almost every appropriations bill. So, the ultimate solution - whether separate bills, an omnibus package, or a continuing resolution beyond mid-December - may be a long time in coming.

Please note that my email address has changed. My new email address is jwkatz@alaskadc.org. Thank you .
